

## The "Switchboard"™

by

**GlassWhiteboard.com**

is the world's most versatile patient room dry erase board.

It lasts forever with no "ghosting" or staining. It is designed to enhance patient, family, & staff communications as well as adding a decorative touch to the modern patient room

Visit our website at:

**www.glasswhiteboard.com** for a complete product listing as well as more images. Be sure to go under the hospital whiteboards link for even more info about the "Switchboards."

## Included:

Each one of the Hospital Patient Switchboards comes with four (4) brushed stainless steel "edge-grip" stand offs, four (4) 3/16" toggle bolts, two (2) vinyl setting blocks, a slide-in / slide-out backer board, a small allen wrench for the set screws, and a complete easy install instructions.

Optional: Printed paper template per your artwork. Please note: these can be made easily and quickly by any local printer. Standard dry erase pen and eraser are also optional.

Made in the USA of premium materials, what makes the Switchboard special is it's slide-out panel.

This allows you to quickly and easily switch out your custom printed templates.

This gives you unlimited options... Perfect for hospital or nursing home patient rooms, doctors offices, class rooms, museums, and businesses large and small.

## Perfect for:

- Hospitals: enhances the staff/patient experience
- Schools: Great for maps, lesson plans, and notices
- Scheduling Boards: easy way to swap out the grid pattern or change the field
- Museums: exhibits, shops
- Businesses: meeting rooms and training rooms

## Materials:

1/4" tempered Starphire glass.  
High polished edges.  
The slide out channels are aluminum and the included slide in-slide out backer board is 1/4"

## Border:

1-1/2" wide back painted in any color... simply provide the color codes, Pantone, BM, or SW number.

## Size:

Can be almost any size, but generally ranges from 18"x26" to 24"x36"
